

The ACWD Connection

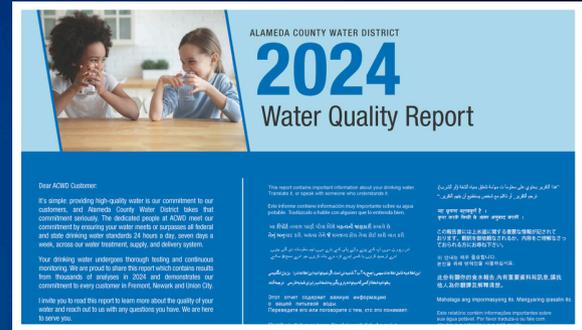

2024 WATER QUALITY REPORT

The results are in and ACWD is pleased to share that in 2024, your drinking water continued to meet or surpass the drinking water quality standards required by both state and federal regulatory agencies.

The annual Water Quality Report provides the results of thousands of analyses ACWD performs to ensure we maintain high-quality drinking water for more than 342,000 customers.

To view the 2024 annual Water Quality Report and to learn more about your drinking water, visit acwd.org/2024CCR.

If you would like a paper copy of the 2024 Water Quality Report mailed to you, or to speak with someone about the report, please call **510-668-6500**.

The image is a screenshot of the '2024 Water Quality Information' page. It features a header with the title and a small image of water droplets. Below the header, there are several sections of text and data tables. The first table is titled '2024 Water Quality Information' and has columns for 'Parameter', 'MCL', 'MCLG', 'Action Level', 'Maximum Contaminant Level Goal', 'Maximum Contaminant Level', 'Health Advisory', and 'Action Level'. The table lists various contaminants such as Arsenic, Barium, Cadmium, Chloride, Copper, Lead, Nitrate, Nitrite, Sulfate, and Total Hardness. Below this table, there are more tables for '2024 Water Quality Information' and '2024 Water Quality Information', each with similar columns and data. The page also includes a 'FOR MORE INFORMATION' section with a list of links and a 'CONTACT US' section with a phone number and email address.
