

The ACWD Connection

August is National Water Quality Month

ALAMEDA COUNTY WATER DISTRICT

2024

Water Quality Report

National Water Quality Month highlights the importance of clean, dependable drinking water. It encourages us to learn about our local water sources and appreciate the hard work that goes on behind the scenes to deliver water safely to your tap.

The results from thousands of analyses conducted on your drinking water show that it consistently met or surpassed all state and federal drinking water standards in 2024.

Read our 2024 annual Water Quality Report and learn more about your drinking water at acwd.org/2024CCR. If you would like a paper copy of the report mailed to you, please call (510) 668-6500.
