

THE ACWD CONNECTION

According to the Environmental Protection Agency, 10% of homes nationwide have leaks that waste 90 gallons of water or more per day! ACWD crews work hard to find and fix leaks in the distribution system, but you can help too! Join ACWD in celebrating Fix a Leak Week by checking your faucets, toilets, or irrigation systems that may be silent water wasters. To observe leaks inside or outside of your home, be sure to monitor your water meter. ACWD provides customers with Fix a Leak Kits **FREE** of charge to help detect and fix leaks. Visit www.acwd.org/leakfixkit to order your kit or call **510.668.4218**.

Learn more about leaks and how to fix them at www.acwd.org/fixleaks. Or to learn more about the EPA's Fix a Leak Week, visit: www.epa.gov/watersense/fix-leak-week.

March 19-25, 2018
Fix a Leak Week

HOUSEHOLD LEAKS WASTE

10,000+
GALLONS
OF WATER*

270+
loads of
laundry

*Average U.S. family per year
