

THE ACWD CONNECTION

May is Water Awareness Month

The month of May is designated as Water Awareness Month in California. For the past 28 years, the Alameda County Water District has promoted Water Awareness Month, which focuses on educating Californians about the importance of water in all facets of their lives by encouraging involvement in water awareness activities on both a local, regional and statewide level.

This May, join the many Californians who will pledge...

Water Conservation. IT'S FOR LIFE.
