

# THE ACWD CONNECTION

## Summer Fun Water Conservation Word Search

As the weather heats up, it's important to think about water conservation. Now is the perfect time to check your irrigation systems for leaks, and adjust your watering times. It's best to water your landscape between the hours of 2 a.m. and 6 a.m. to take advantage of relatively low winds and you will lose less water to evaporation. If possible, replace water thirsty turf with water-wise plants and natives.

Go ahead and test your water conservation knowledge with this fun word search. We will give you a hint that you are searching for the following water-wise terms:

1. Poppy
2. Mulch
3. Calla Lilly
4. Butterfly
5. Turf replacement
6. Rain barrel rebate
7. Drip irrigation
8. Bees
