## Water-Efficient Landscape Rebate Program

The Water-Efficient Landscape (WEL) Rebate Program has been upgraded! If you are thinking of replacing your lawn with a water-efficient landscape you may be eligible for a rebate of \$1.00 per square foot, up to \$1,500 per single-family residential homes and \$20,000 for commercial, industrial, and institutional sites, multi-family homes, and HOAs.

Adopting a water-efficient landscape is more sustainable, requires less fertilizers and maintenance, and can help you save money on water bills. New application materials and resources are now available at [www.acwd.com/rebates](http://www.acwd.com/rebates) or call 510.668.4218.

Proud to provide a reliable supply of high quality water at a reasonable price to Fremont, Newark and Union City
