

THE ACWD CONNECTION

ACWD Workers Doing Essential Work

Have you seen us out working in your neighborhood? It's true, the work goes on to address essential needs to ensure our community receives safe, reliable drinking water. Here are a few things to know as we continue:

- Our work is in accordance with the County of Alameda Health Officer's Order No. 20-04 that states that all individuals shelter in place except for certain specified essential needs and activities.
- Another exception is for construction of public works projects if specifically designated as an "Essential Governmental Function" by the District. Providing water service is an Essential Governmental Function.
- ACWD employees will continue to practice physical distancing and maintain 6-feet separation when completing repairs and projects, and we ask you do the same if you see us out.

Learn more about the safety of your drinking water and ACWD's COVID-19 response at www.acwd.org/COVID19. Together we will get through this and beat COVID-19.

Proud to provide a reliable supply of high quality water at a reasonable price to Fremont, Newark and Union City
