

THE ACWD CONNECTION

It's Drinking Water Week, a time to reflect and think about the vital role that water plays in our daily lives. ACWD's 2020 Water Quality Report is available and shows that in 2020 your water continued to meet or surpass all state and federal drinking water quality standards. The report also provides information about:

- Water supply sources
- Protecting our critical water resources
- Per- and polyfluoroalkyl substances (PFAS) monitoring
- Essential work to keep your water flowing and safe from COVID-19

To view this report, visit acwd.org/2020CCR or call **510.668.6500** to have a paper copy mailed to you.

Proud to provide a reliable supply of high quality water at a reasonable price to Fremont, Newark and Union City
