

Budget in Brief

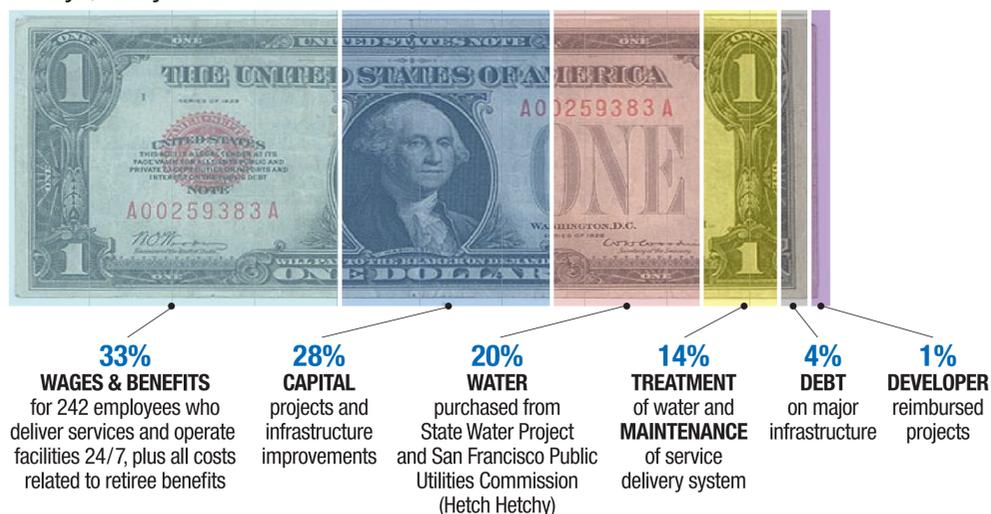

Promoting Financial Stability and Transparency

The Alameda County Water District is committed to providing excellent service, safe and reliable drinking water, and value to our customers. We take pride in operating a complex water system with fiscal responsibility and are committed to doing so with transparency. See how your water rates are used, and revenue is collected, so we can continue to deliver water to you 24/7.

Every \$1 Flowing in Comes From:

Every \$1 Pays For:
